Beaumont & East Texas Oil Co.

OF BEAUMONT, TEXAS.

Incorporated under the Laws of the State of Texas,

CAPITAL \$1,000,000.

Divided into 1,000,000 Shares, Par Value \$1 each, Full Paid and Nonassessable.

Millions of dollars are to be made in the now famous oil fields of Southeastern Texas as certainly as the world revolves, for their resources are practically inexhaustible, the demand for their product assured. The fortunate investor who gets into a good company in these fields NOW will receive returns that will compare favorably with those of the original ground-floor investors in the great industrial successes of the day.

Oil sells at the well in Texas for 40 cents a barrel, costs less than 10 cents to produce. Any primary scholar can figure out the profit from an investment in the stock of an oil company at par-over 300 per cent. Buy the same stock at 50 cents on the dollar, and the profit is 600 per cent.

With an absolutely perfect chain of title from the original Spanish grant in 1855 to the present day, and owning in fee simple, free and clear of all encumbrance, four thousand five hundred and sixty-one acres of oil lands in this region, no other company in the Texas fields holds more assured promise of rich returns than the Beaumont & East Texas Oil Co.

Its lands lie in Jefferson, Hardin and Liberty counties, and include two tracts in the Beaumont field itself, one being distant only 6300 feet northeast from the Lucas and 6500 feet from the Beatty Gusher, the other but 2500 feet from these greatest oil producers ever known in the history of the world. Its third tract lies just west of the Saratoga and Sour Lake districts, where the same character of oil is found as in the ont district, and at equal depths will doubtless be found in equal quantity as well as quality. In fact, it is believed that the Sour Lake and Saratoga districts will be the next to develop gushers equaling if not excelling those at Beaumont. Contracts are now being made with drillers to sink wells as soon as rigs can

be placed on the lands, which will be within thirty days at the latest. For the purpose of developing these valuable properties at the earliest possible date, the Beaumont & East Texas Oil Co. offers for public subscription

100,000 SHARES AT 50 CENTS

per share, subject, however, to advance or withdrawal, without notice, in the discretion of the directors. The capitalization of the company is extremely low, as compared with its resources;

the dividends earned will be proportionately large, and every certificate of stock in the Beaumont & East Texas Oil Co. represents to the holder a proportionate share, not only in its earnings, but in the lands it owns. Send for prospectus and fully detailed information. Address all correspondence to

H. E. KIESTER, Secretary, at the company's offices as below Make all checks and drafts payable to order of W. S. DAVIDSON, Treasurer (Pres-

TEXAS pro CALIFORNIA OIL AND REFINING

Beaumont, - - Texas.

CAPITAL STOCK \$750,000. SHARES, PAR VALUE, \$1.00. OFFICERS:

J. B. TREADWELL, President, manager Southern Pacific Wells of California. J. LOCKWOOD, Socretary and Treas-WARREN GILLELEN, Vice President; President Broadway Bank and Trust

C. L. HANSON, Second Vice President, Los Angeles and Kern Co. Oil Field. GEO. C. GREER Attorney.

GEO. C. GREER, Attorney.

All the officers are successful business men and three of them have been engaged in the oil business for years. The Texas and California Oil and Refining Company controls either by purchase or lease over 5,000 acres of oil lands as desirable as any in the entire Beaumont district. They were on the ground early and secured the choice location. The company's charter provides for every privilege necessary to carry on the business successfully. A limited number of shares of \$1,00 par value are now offered at 50 cents per share for development purposes. Write for prospectus; or better, wire orders for stock at once. Address all correspondence and make draft and money orders payable to

Texas and California Oil and Refining Co., Post Office Box 245, Beaumont, Tex. References: Write Beaumont National ank, or any business man in the town.

BONDS CALLED.

Notice is hereby given to holders of bonds sumbered six (6) and seven (7) for \$500 each, issued Litt, 1 1800, by the Board of Education of the school district of Cape Girardesu City, Mo., subject to call five years from said date, and with interest at 5 per cent, payable semianisally, that said bonds have been called for re-imption by said board, and will be redeemed on resultation at the Third National Bank of St. Louis, and that the interest on said bonds shall cause and terminate on June 15, 1901. By order of the Board of Education.

GEO. E. CHAPPELL, Secretary.

Cape Girardesu, Mo., May 1, 1901.

FOR SALE,

INVESTMENT CO., of by private wire.

REALIZING CAUSED

DECLINE IN STOCKS.

FALLING TENDENCY LIKELY TO CONTINUE.

Market, However, Receiving Good Support-Rumors of Union Pacific Deal Contradicted.

REPUBLIC SPECIAL New York, May 14.-The London market for American stocks was almost nominal. and it was not expected that there would be any revival of activity until the settlements were over, and it was possible to see the extent of the damage done by the recent panic. The general market was heavy, but without feature, and consols were steady at 94.

In the local market the persistent realising of long stock caused a decline in most departments. The best-informed interests of the street seemed to think such sales inevitable for some little time to come, and are contented that the market is receiving relatively good support until such time as the speculative investor can recover his courage and see his way.

The rumors that there had been purchases of Union Pacific by the Morgan-Hill interest in reprisal for the attack upon Great Northern were contradicted and the

Great Northern were contradicted, and the not inconsiderable bull account built up

which worked such disastrous consequences in Northern Pacific was evidently being liq-uidated. The industrial stocks were heavy and The industrial stocks were heavy and lower, with continued liquidation in United States Steel, common and preferred. Sugar sold off on the very general belief that it was not the policy of insiders to change the dividend rate for the present. The company is undoubtedly doing well and trade advices indicate an excellent outlook for the summer and fall. The bull interest in Continental Tobacco seems fairly strong and there are no signs that the pool has let go. Well-informed houses do not, however, confirm the current story of the taking over of the company by the American Tobacco Company.

Tobacco Company.

There was some slight rally in the last There was some slight rally in the last few minutes, caused by the covering of traders' shorts, but the market looked very weak, and from the selling it appeared that a large Western account in Atchison, Unions, St. Paul and the Steel stocks was being liquidated. This pressure affected the whole list and traders took advantage to offer down stocks not otherwise affected. Stop orders were caught on the decline in all departments.

Money continued very easy and there was no special feature in the loan crowd. The volume of trading was fairly well maintained, but the public seemed to be out of the market for the time being.

There was little demand for foreign exchange and the market was weak. D. R. Francis, Bro. & Co. report closing rates as follows: as follows:

In the last hour the market broke under heavy selling from Chicago, and all kinds of rumons were freely circulated. There was a good deal of guessing as to what the rumors meant. One house with Chicago connections said that there was no trouble with any firm, but that individuals were in trouble. One individual was named as badly crippled, who has been frequently mentioned in stock market affairs during the past four years.

ers in many cases paying outright for the stocks and taking them out of the market,

Special conditions had little influence on the tracing. The decision in favor of the merger of the smelling properties caused some strength in American smellers, and there was cottlined buying of Amalgamated Copper by Boston. There was a general understanding that a dividend at the rate of 5 per cent will be declared on United States Steel common carry in June, but the stock tas west under seiting by houses that were recently heavy buyers.

Union Pacific weakened under liquidation of speculative accounts, and it looked as though the interests recently active in accumulating the stock had ceased buying for the time. The selling was to a great extent for Western accounts, and was apparently connected with closing of accounts in which losses had been sustained in other stocks.

London cables were as follows:
London, May 14.—Pending adjustment of differences to-morrow, American stock market almost at standatili. Dealers unwilling to make prices except in very small amounts of stock. Quotations for most part almost nominal.
London, 1.45 p. m.—The market for Americans is quiet, and with the single exception of St. P., which is up to 199, the department shows little feature.

FINANCIAL.

The National Bank of Commerce in St. Louis Mammoth Oil, Mineral and Land Company.

OFFICERS.

C. H. ALEXANDER, Vice Prest. and Gen'l figr. EDWARD T. MOORE, Secretary and Treasurer.

DIRECTORS.

G. Van Ginkel, Prest. Dallas Consolidated Elec. St. Ry. Co. C. H. Alexander, Real Estate.

Edward T. Moore, Sec'y Dallas Consolidated Elec. St. Ry. Co. W. B. Sharp, Beaumont, Texas.

A. I. Hudson, Attorney at Law, Dallas, Texas. G. M. D. Grigsby, Prest. Texas, Sabine Valley and Northwestern Railway Co., Jefferson, Texas.

Authorized Capital Stock \$1,000,000, Divided Into 10,000 Shares of One Hundred Dollars Each.

\$300,000 Will Be Issued at Once, \$60,000 of Which Has Been Set Aside for and Credited to Improvement and Development Account. This \$300,000 of stock is based on one hundred acres of land located four miles south of the gushers, ten acres one and three-quarters miles northwest of the gushers, and one hundred acres four miles northwest of the gushers. There are 30 or 40 derricks in sight of the ten-acre tract, and all this land is in the proven oil district. In addition to

the 210 acres of leased lands above mentioned, this company owns in fee simple 20,000 acres of land in the recognized oil district of Texas. We have four up-to-date well-drilling outlits that we will put in the field by June 1 and we are going to develop these lands at once. The titles to all our lands have been passed upon and pronounced good by Duncan and Jones, attorneys, of Tyler, Tex.

We own the perpetual mineral and timber rights in all these lands, and if no oil is found outside the proven district, the company can still sell its fee simple lands for farm, stock and fruit-growing purposes, together with the timber thereon, for the amount of the \$300,000 stock to be issued at this time, less a reasonable deduction of, say, from 20 to 25 per cent, which will be spent in drilling wells and developing the oil and mineral rights of the property. A portion of this stock is offered to investors at par. Three hundred thousand dollars is all that will be issued at present, and every dollar of this goes for the purpose of purchasing the lands, developing them and obtaining the leases. The seven hundred thou-

sand dollars of treasury stock will not be used for any purpose, except the acquirement of additional lands, obtaining additional leases, the purchase and equipment of refineries, smelters, laboratories, pipe lines, etc., and all expenditures from this fund of treasury stock will be under the supervision and control of the Board of Directors. In a nutshell, our proposition is this: If we strike oil or minerals in paying quantities, here is our profit. If we do not strike either oil or minerals, our 30,000 acres of fee simple of land is worth at least 75 per cent of the money we

Do you know of any other company that can make this statement? For further information and particulars ad-

HEAVY TRADING

G. VAN GINKEL, Prest.

T. N. Jones, Attorney at Law, Tyler, Texas.

IN SYNDICATE BONDS.

FEATURE OF EARLY MARKET WAS THE SALE OF BONDS.

Late Trading Was Dull and the Market Much Weaker.

MORNING SESSION.

The early session of the Stock Exchange was tame and slow, but the aggregate deal ings footed up quite large. The two chief features of the market were the heavy trading in bonds, \$52,000 changing hands, and

shares selling at \$117.50 and 10 shares at \$118. A small lot of 5 shares Commonwealth brought \$251. Mississippi Valley and Mer-

changed from the previous day. Only one trade was made and that was in 10 shares of Boatmen's at \$208. Mechanics' National was \$137.59 asked. International had \$15 bid and Bank of Commerce was \$288 bid and \$285.59 asked, while bids for St. Louis Safe Deposit were advanced to \$149.

There was a demand and a stronger mar-ket for Missouri-Edison is and the two that sold brought \$95, which was bid for more, and \$95.25 asked. The market for the stock

During the morning there was a demand for Bonne Terre Land and Cattle Company stock and \$3 was bid and \$4 asked. Lead stocks were more in evidence that they have been for some time, but nothing done in them. St. Joe was bid \$14, Colum-bia was \$12.25 bid and \$14 asked, and Cata-

Afternoon Session.

Weakness, duliness and lower prices was the record made by the stock market at the afternoon session. It was one of the worst meetings ever held on the floor, and a great disappointment to those who have so strongly advocated the holding of two sessions a day. There were no orders of any consequence to either buy or sell, and the dealings were of the smallest. A much weaker tone than was shown early was to be noticed, and the few sales made were at lower prices, as were the few quotations made. For instance, the \$6,000 United Railway is brought only \$50, as compared with \$90.25 earlier in the day, and the 175 shares of preferred stock brought \$78.50. At the close the first named were for sale at \$50 and the second at \$78.50, with \$78.25 bid, while Transit or common was quoted at \$24.25 bid and \$24.75 asked.

Bank and trust stocks were in the dumps all through the seasion, and the only trade made was in a small lot of two shares of Missouri Trust at \$117.59, that stock closing still lower at \$115 bid and \$117 asked. Lincoln was wanted in a small way, only five sharer, at \$255. Only a few bank stocks sharer, at \$255. coln was wanted in a small way, only sharer, at \$255. Only a few bank at were quoted, and they were merely i lnal.

There was a demand for Missouri-Edison bonds and preferred stocks. The former was bid \$5 and held for \$55.25, and the lat-ter was bid \$55.50 and held for \$55.50.

LOCAL MONEY MARKET.

Business to a General Way Active, Business in a General Way Active, but No Changes of Importance.

The local monetary situation in a general way presented no new features yesterday, and as a whole was in a very satisfactory and encouraging condition. The weather was favorable for hustness in all lines, and banks and trust companies were kept busily employed in paying out and receiving funds, checking and depociting throughout the day being active and liberal. There was the usual good demand for money from borrow-

ers of all kinds, and as the supply was ample nearly all were accommodated at the old rates of 5 to 6 per cent, on which basis call and time paper was discounted. Business with country banks was said to be very satisfactory.

The local bank clearings yesterday were very fair and fully up to the usual Tuesday's average. They were \$3.56.211, and the day's balances were reported at \$1.351.048. Domestic Exchange.

VIVANDIERE COMMITS SUICIDE.

Picturesque Figure of Civil War Was Mrs. Mary Leonard.

Pittsburg, Pa., May H.-Mrs. Mary Leon-Pittsburg, Pa., May H.-Mrs, Mary Leonard, better known as "French Mary," a vivandiere of the Civil War, and one of the most picturesque figures produced during that war, committed suicide last night by taking poisor.

Mrs. Leonard served through the war with the One Hundred and Fourteenth Pennsylvania Volunteers, doing remarkable service in a number of battles, for which she received conspicuous mention and a medar for bravery.

GIRL DRAGGED AROUND RING BY A BRONCHO.

Equestrienne With a Wild West Show at Vincennes, Ind., Is Fatally Injured at Practice.

Vincennes, Ind., May 14.-Miss Theresa Russell of Denver, an equestrienne connected with a Wild West show, was fatally injured last night while attempting to perform a new and exceedingly hazardous feat. Miss Russell was practicing a new act in which she leaps from one rapidly running horse to the back of another going at full speed. Just as she made her spring her foot caught in the stirrup and she was dragged around the ring among the hoofs of the frightened bronchos.

of the frightened bronches.

The cowboys made desperate efforts to stop the horses, but were unable to do so until finally one of them stuck a pitchfork into the side of the animal which was dragging Miss Russell, killing it instantly.

Miss Russell was picked up unconscious from the various injuries, both internal and external. She is not expected to live.

NOT REQUIRED TO GIVE BOND. Now Brown Brothers Acuse Tell-

er of Stealing \$20,170. New York, May 14 .- E. L. Chetwood, confidential clerk for the last eighteen years in the employ of Brown Brothers, bankers, was arrested to-day. Chetwood is charged by the firm with being short in his accounts over \$12,000.

Chetwood's total shortage is said to be \$20,170. He entered the firm's employ twenty years ugo as a messenger and for the last six years he had been receiving teller. He had the confidence of the firm to such an extent that no bond was required from him.

ALGER ROBBED OF GLORY. Says He Could Have Captured

Aguinaldo Two Years Ago if-New York, May 14.-General Russell A. Alger, former Secretary of War; Mrs. Alger and Russell Alger, Jr., are in the city and will sail to-morrow for Europe, to be gone about three months. Much of his time abroad will be spent at Carisbad. "I would have captured Aguinalde two years ago if I had been allowed to follow my plans," declared General Alger, in an interview last night. "His capture broke the backbone of the insurrection. The Philippine War is now a thing of the past."
